*To Whom It May Concern,*

*I am pleased to provide a letter of recommendation for GC Construction as it relates to their performance of concrete restoration in our building. Restoration work for our 50 year old building has been underway since 2018 at a project cost of \$3M. During this time GC has provided high quality work and they have provided value to our project with their extensive knowledge of the industry*

*We have found GC to be highly professional, responsive and cooperative. Communication is a key to the success of a project and GC very well keeps the lines of communication open.*

*Sincerely.*
