---

May 1, 2018

To Whom It May Concern:

Arlen Beach Condominium Association has undertaken an extensive concrete restoration project which includes restoration of all the spalling and concrete throughout our building and garages. removal of existing aluminum railings, replacement of railings with new glass railings, and the complete renovation of our pool.

We entrusted this project to GC Construction in March 2017 and have found the firm to be extremely professional and performed all tasks to our satisfaction. They have been very helpful in meeting with the Board of Directors and staff to keep us informed of their progress and open to all of our requests and suggestions.

I feel confident in recommending their services. Please feel free to contact me should you have any questions.

*Jose Sardina*  
Sincerely,

José A. Sardiña  
President  
Arlen Beach Condominium Association
